

Processing of personal data at LabRobot Products AB

As a customer of LabRobot Products AB, your personal information is processed to conduct a professional business relationship. This document informs you about the way your data are handled and about your rights.

Personal data control

The responsible for processing personal data is:

LabRobot Products AB, reg. nr 556356-5315
Munkerödsvägen 4, 444 32 Stenungsund, Sweden

For further information about the company's handling of personal information, please contact kontakt@labrobot.com. If you have comments on how the company handles your personal information, you can contact the Swedish administration in charge of the protection of integrity (Intergritetsskyddsmyndigheten).

Purpose and legal basis

As a customer of LabRobot Products AB, your data will be processed insofar as it is necessary to manage the customer relationship, so that LabRobot Products AB is able to fulfill its commitments. In addition, the information is used to enable LabRobot Products AB to make business offers to you as a customer. The collection and storage of your data is based on the agreement or customer relationship that occurs, for instance, in an order placed by the customer to LabRobot Products AB. The promotional material is sent to you as a customer, based on either an explicit consent or an estimation made by LabRobot Products AB of a potential interest to your organization.

The customer may revoke any treatment, based on Customer's consent or LabRobot's estimation, at any time without explanation by contacting kontakt@labrobot.com.

Transfer of the data

The information may be provided to any partner that provides support services to LabRobot Products AB, such as logistics, in the manner and to the extent necessary for the company to fulfill its commitments to you as a customer and for marketing purposes.

Transfers to third countries

LabRobot Products AB strives not to transfer data to a country or company located outside the EU / EEA. If there is a need for such a transfer, LabRobot Products AB will take appropriate safeguards to best protect customers' personal data.

Storage and thinning

The customer's personal data will be retained as long as the customer relationship persists and then the time required or permitted by applicable laws and practices.

Your rights as registered

When LabRobot Products AB collects and processes your personal information, you have the following rights.

- Request an extract of the personal data the company treats and how they are treated
- Request correction of any incorrect information
- Request to be deleted. However, this can only be done provided that the company is not entitled to retain the data on any other legal basis
- request handling to be restricted in certain circumstances, eg Meanwhile, a question of whether data is correct or not is investigated.

For questions regarding the handling of your personal information, contact kontakt@labrobot.com.

Security

LabRobot Products AB takes appropriate technical and organizational information security measures to prevent and limit risks associated with the disclosure of personal data such as unauthorized access, disclosure, abuse, alteration and destruction.
